

Erin Anderson Joins Adesys

Adesys is pleased to welcome Erin Anderson to its technical support staff. Erin brings with her over seven years of experience as a computer network technician and specific experience in the medical and manufacturing industries. She will be a tremendous asset as Adesys continues to expand its support services. Erin will be an integral part of the team responsible for the implementation, maintenance and support of IT systems for Adesys customers.

"The expansion of our technical support team further strengthens our ability to meet the needs of our customers and provide the timely and experienced service our customers expect," noted Jason Adamany, President of Adesys.

ViewSonic Projectors

High performance DLP® projectors from ViewSonic are a great tool to make your presentation shine. ViewSonic delivers sharp and bright images for virtually any environment. It's 3D ready with support for up to 120Hz frame rates. BrilliantColor™ technology produces more vibrant colors, while the high brightness and contrast ratio make this projector shine in the classroom or meeting room. RJ-45 connectivity enables remote network control, while extensive input options, including two RGB inputs and one RGB output, and integrated 2-watt stereo speakers deliver a truly dynamic multimedia experience. This projector even features closed captioning for the hearing impaired.
