

Joining Forces for Families

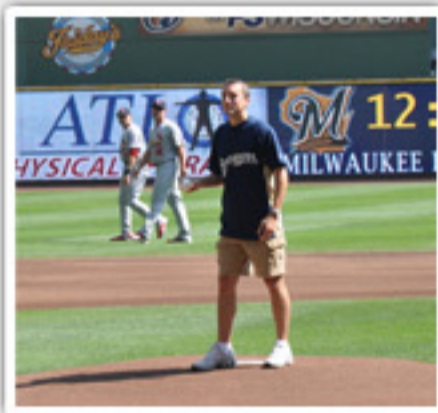

Join Adesys and Fitchburg Chamber members on October 1st for a fun filled day on the award winning University Ridge Golf Course! The event is a favorite and raises funds for the local chapter of Joining Forces for Families. The outing is open to everyone so bring clients, co-workers, friends and family for networking, a great day of golf, and fun.

The outing includes lunch before a round of golf, unique hole contests out on the course, and afterwards a traditional Wisconsin Tailgate cookout during our lively awards ceremony. Join in on the raffle for your chance to win a prize packages. For reserving space or sponsorship opportunities, contact Bethany at bklein@fitchburgchamber.com or call 288-8284.

Tim Adamany from Adesys Throws First Pitch at Brewers Game

Just prior to the Brewers versus Cardinals baseball game on Wednesday, September 9th at Miller Park, Tim Adamany had the honor of throwing out the first pitch and being introduced on the field with the other participants of Brewers Fantasy Camp. The ceremonial first pitch is a longstanding ritual in which a guest of honor throws a ball to mark the end of pregame festivities and the start of the game.

Tim has attended Brewers Fantasy Camp the past two years and has planned to attend in 2010 as well. The camp takes place in early February in Maryvale, Arizona where the Milwaukee Brewers hold their Spring Training.

HP Mini 1101

Work in more places with the HP Mini 1101 Notebook PC, an affordable, full-function companion notebook PC. Technology with good looks. Anti-virus Recommendations

A computer virus is a program that can copy itself and infect a computer without the permission of the owner. They can be as simple as annoying pop-ups or can cause complete data loss. We recommend Trend Micro products to protect your computers against viruses. Adesys features a full line of Trend Micro products, so whether you have one computer at your home or one hundred connected to your network, they have the right solution for you. An additional free, quick and easy tool to scan your PC for a wide range of Internet security threats including viruses, worms, Trojans, and spyware is Trend Micro HouseCall. You can run HouseCall on your PC for free by clicking on the HouseCall icon on the Adesys Resources page.
